

Deaths in American Wars (U.S. soldiers only)

The American Revolution (1776-1783) – 25,324 dead

The War of 1812 (1812-1814) – 6,780 dead

The Mexican-American War (1846-1848) – 13,721 dead

The Civil War (1861-1865) – 389,753 Union dead, 289,000 Confederate dead

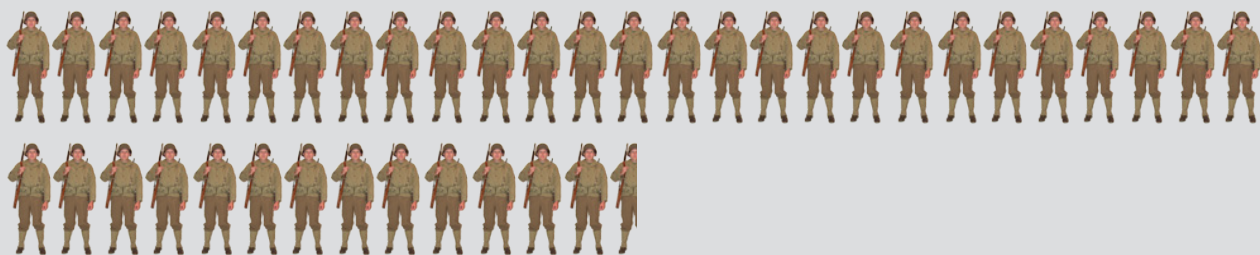

The Spanish-American War (1898) – 5,807 dead

World War I (1917-1918) – 116,516 dead

World War II (1941-1945) – 405,399 dead

The Korean War (1951-1953) – 54,246 dead

The Vietnam War (1964-1971) – 57,777 dead

The Persian Gulf War (1990-1991) – 258 dead

The Iraq War (2003-2011) – 4,487 dead

Note: Because of missing, inaccurate, or incomplete documents, all numbers from before 1898 should be regarded as best available approximations. This is particularly the case with Confederate losses during the Civil War.
